Recent changes to Ontario Law, including Bill 148, impact the way families engage workers. Do you know how the changes affect your family?

At the information sessions, lawyers from PooranLaw Professional Corporation will provide you with current legal information and practical details for engaging workers as independent contractors or employees.

You will also receive a copy of the new Toolkit for Families: Engaging Support Workers. The toolkit includes:

- Determining if your worker is an independent contractor or employee;
- Best practices when engaging a worker as an employee and as a contractor;
- Templates and checklists to use in each scenario; and
- Helpful resources to engage workers and protect you and your family.

For your convenience, the above sessions will also be broadcast to Catulpa Community Support Services' office locations in Alliston, Midland, Orillia and Collingwood via Webinar link. You are encouraged to take part in one of the sessions by attending an office close to you. Please RSVP as space in some locations may be limited.

**Register by June 4th by calling your Case Manager or
