

ABOUT US

CATULPA COMMUNITY SUPPORT SERVICES MISSION, VISION AND VALUE STATEMENT

We strive to improve the lives of people with special needs.
We see a future where every person is valued and accepted within their community.

We value the fact that every person is unique.

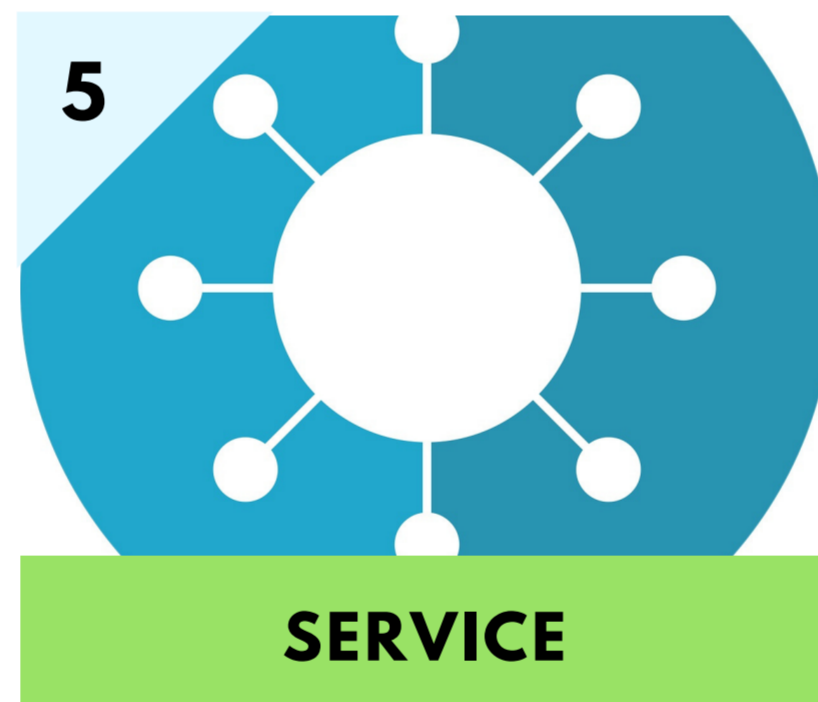

We value the fact that every person will be safe from abuse of any kind.

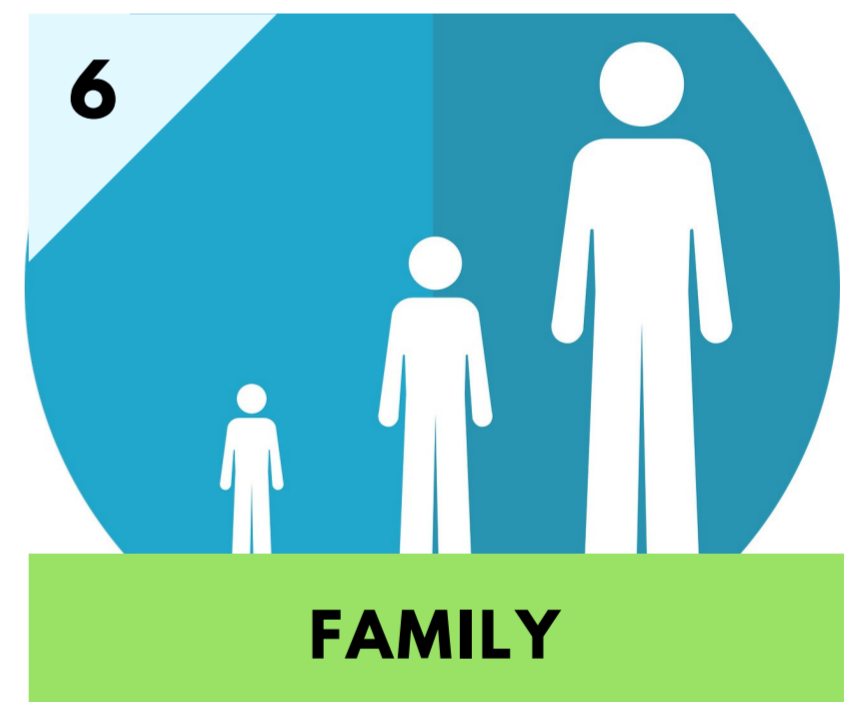

We value the fact that every person has the right to confidentiality, except when required to share by law.

We value the fact that every person is given information so they can make good decisions.

We value the fact that every person's services will be built on their strengths and needs.

We value the fact that every person's background, culture and differences are respected.

We value the fact that every person's growth and development are supported and advocated for.

We value the fact that for every person, change is always possible.

We value the fact that every person benefits as we work together with your other services.
